The main content area features a news article by Kevin Alfred Strom titled "William Pierce: Teacher", published on July 18, 2015. The article discusses William Pierce's vision and its impact. To the right of the article is a portrait of William Pierce. A sidebar on the right lists "ACTIVE DISCUSSIONS" with various topics like "Fiction • Michael by Dr. Goebbels" and "Politics • Flag Flap".

A partial view of NationalVanguard.org, the National Alliance's online magazine

Alliance Web Sites Enjoying Rapid Growth

NationalVanguard.org, our online magazine, has seen a large increase in readership so far this year. From March to early July of this year, we have quintupled our readership, which is now averaging around 2,500 unique visitors per day. That's remarkable growth, though we will need to quintuple our readership yet again to reach the peak we achieved in the years immediately following Dr. Pierce's death.

Our other sites — natall.com, where visitors can learn about, and join, the

National Alliance — and our mentoring forum, WhiteBiocentrism.com — have also seen good success, doubling in readership during this same period.

We need to be reaching tens of thousands of our people every day by this time next year — then hundreds of thousands. We can do it as our membership, our staff, and our capabilities expand.

Much of our recent success is due to the hard work of our volunteer editors, but much is also due to the increasing number of members who promote our sites on forums, comments sections of mainstream news sites, and through

face-to-face recruiting. Every member can and should spread the word, if only by placing National Alliance business cards where like-minded men and women are likely to see them.

New National Alliance Business Cards

As promised last month, new National Alliance business cards are now available. Ever since these well-designed cards were first instituted by Dr. Pierce in the 1980s, members have been using them to raise the consciousness of Whites and introduce them to our organization; and quite a few new members have cited finding a card — often inserted in the pages of an appropriate book — as their first contact with the Alliance. Prices for National Alliance business cards are as follows: \$4 for 50; \$6 for 100, and \$25 for 500. All members should order at least 50.

You may order business cards by writing to the National Office in Tennessee, or order online at:

<http://natall.com/cards>

Thanks to all of you who pre-ordered these cards.

Alliance Membership Application

Everyone receiving this **BULLETIN** will notice enclosed, not only one of our new National Alliance business cards, but an Alliance membership application. Members should retain this form in their files until notified that it has been superseded, and should immediately make several copies of it for distribution to potential recruits. For best printing resolution, you can download a PDF file of the application at:

<http://natall.com/app.pdf>

Our members are our best recruiters. Every member should constantly be looking out for Whites of the requisite quality, and begin the education and recruitment process at the earliest opportunity. Each of our members should set as his or her goal bringing in at least *one* new member to the Alliance in 2015. And those of you with the social, speaking, and other skills to bring in many more than one should set as your goal to do exactly that. Increasing our numbers is arguably our most important activity.

American Dissident Voices YouTube Channel

Current and past *American Dissident Voices* broadcasts, can now be heard using the popular video/audio platform YouTube. The channel was created by member Michael Olanich in early May and already has around 50 programs uploaded as of this writing. You can find it by simply typing “American Dissident Voices” into the search bar on the YouTube main page, or visiting it directly at this link:

<http://youtube.com/c/americandissidentvoices2015/>

Since YouTube is widely accessible as an app for smartphones, tablets, and Roku video players, a desktop personal computer (PC) is now no longer the only means by which one can listen to our broadcasts. This is advantageous for those who are too busy out and about to be by their PCs much of the time. The popularity of YouTube will get the Alliance message to segments of our target population who might not otherwise be exposed to it on our main Web sites.

There is always the danger that the enemies of the Alliance and of our people will engage in, or push for, censorship on such third party sites, of course, but that is no reason not to take advantage of the benefits of using them.

Real World Activism

The topical "They Hate Us" flyer that was featured and enclosed in the June **BULLETIN** got wide distribution this month, thanks to our activists, while the removal of the Confederate flag and symbols from public display was still a major public issue. Many members copied and distributed the flyers, with Chester Doles and his crew in Georgia reporting especially high numbers, distributing more than 1,000 in their local area. Several members also purchased space in patriotic periodicals which then printed the flyer as an ad, promoting the Alliance to thousands of readers.

New Staff Member

Michael Olanich, 31, employed for the past nine years as a manager at a medical review firm, has just been named Chief of Staff at our West Virginia community and business facility. As mentioned elsewhere in this and prior issues of the **BULLETIN**, he has been one of our finest volunteers, acting as an editor on NationalVanguard.org, working as a moderator at our forum, WhiteBiocentrism.com, and establishing by his own initiative our *American Dissident Voices* YouTube channel.

Michael states: "For most of my childhood I lived in a decent, majority-White neighborhood in Queens, New York. I had no problem adjusting to

Michael Olanich, whose work you have already seen at WhiteBiocentrism.com and NationalVanguard.org

society. But my view of the world dramatically changed when I first attended high school. This school was majority non-White, with Mestizos being the dominant group. Many Blacks were also bused there from predominantly Black neighborhoods in Brooklyn. It was a very hostile environment. I was forced to go through a metal-detector each morning before attending class; police vans were posted around entrances before and after school hours to discourage non-White gang violence. Outside of my close circle of friends, I was alienated and had no sense of belonging to this academic community. At first, I didn't have any explanation for why this was. It hadn't yet occurred to me that the situation was highly unnatural.

"I first began supporting the Alliance in November of 2000 at age 16, and that support continued until 2005. I can remember coming across a link back then that someone had posted — it was to a Dr. Pierce *ADV* broadcast — in an Internet discussion forum. From then on

it didn't take long for the world to come into focus for me. Dr. Pierce had a keen talent of painting a word-picture of the world *as it is* on the one hand, and *as it should be* on the other. After listening for only a few months, I could not refute any of his conclusions. He simplified everything and helped me to see what was truly important in life — the continuation of our race on this planet.

"On learning of the re-formed National Alliance under Chairman Williams I re-joined the Alliance in the beginning of January, 2014 coinciding with the re-launch of the new natall.com. I soon began volunteering to transcribe and digitize pre-Internet articles by Dr. Pierce, with my first big contribution being a five-part series entitled 'Background to Treason' that he had written for *National Vanguard* magazine between 1982 and 1984. Our Alliance has come a long way since then."

Michael is a valuable addition to the on-site staff in our West Virginia community. For several months, we have been renovating for him the house that former staffers Fred and Marta Streed lived in for many years, so he could "hit the ground running" in July.

McCorkill Bequest Update

Last year, as has been reported in previous **BULLETINs**, a Canadian judge declared the National Alliance's program to be "against Canadian public policy," effectively finding us guilty of thought crimes — even though the Alliance has never been charged there with any crime whatsoever, nor has evidence ever been presented, defenses mounted, or arguments heard. That judge then

proceeded to overturn former Alliance member Dr. Robert McCorkill's will, and canceled his bequest to our organization, valued at several hundred thousand dollars. The appeal, which had been postponed from a March docket date, was rescheduled for June 18. The final decision will not be known for another two to six months as the three-judge panel of the New Brunswick Court of Appeals must write its decision, then translate it into French.

"This case is crucial for freedom of speech and freedom of beliefs and for property rights in Canada," said Paul Fromm, Director of the Canadian Association for Free Expression (CAFE), speaking on behalf of the National Alliance. John Hughes of Moncton, lawyer for the Trustee of the Estate, Fred Streed, weighed in to support CAFE: "The International Boundary separates the U.S. from Canada," he explained. "The McCorkill will makes a bequest in New Brunswick but the proceeds go to a beneficiary in the United States...The beneficiaries are in the U.S. and this raises the question of 'public policy.' Whose public policy? There is no evidence that the National Alliance was ever charged or convicted in either Canada or the U.S. The National Alliance in the U.S. is protected by the First Amendment of the Constitution." And, Mr. Hughes added, "How can a Canadian Court deny a bequest to a U.S. citizen or group? This is extraterritoriality."

Mr. Hughes then turned his guns on the mischievous organization behind this raid on the estate: "The outrage of minorities to this bequest is irrelevant. This estate is being sent to the United

States. The Southern Poverty Law Center (SPLC) is the puppet master behind this case. The League for Human Rights of B'nai B'rith in its submissions made clear references to the SPLC's Web site."

Arguing for the Jewish groups in opposition to the bequest, Marc-Antoine Chiasson insisted: "Promoting the White Race if it is the majority, is detrimental to minorities."

When the SPLC moved to block the bequest to our Alliance they quoted our *Membership Handbook* as justification: "We must have White work spaces, White farms, White schools.... We want an environment where our own nature can express itself. We must root out Semitic and non-Aryan influences." And this: "The Aryan Race has the right to ensure its own survival and it must have a White living space including Europe, North America, and the southern tip of Africa." Such "hate"!

One thing the anti-White Jewish advocacy groups don't seem to grasp is that if the Alliance loses this fight in Canada, it will set a most dangerous legal precedent for property rights for *everyone* in Canada — including even Jews. The hatred against *goyim* found in the Jew's Torah and Talmud, for example, could be trotted out in court — just as our *Handbook* was — to judge the character of Jewish beneficiaries and to prove that B'nai B'rith, for but one example, is a "hate group," and thus unworthy, according to Canadian public policy, to receive bequests from testators. Consider this passage from the Jews' spiritual leader Moses to his people in the seventh chapter of Deuteronomy on how to deal with non-Jews:

CAFE Director Paul Fromm (left) with John Hughes, attorney for the Trustee of the McCormick Estate, at the Provincial Court of Appeal

And when the Lord thy God shall deliver them before thee; thou shalt smite them, and utterly destroy them; thou shalt make no covenant with them, nor shew mercy unto them. Neither shalt thou make marriages unto them; thy daughter thou shalt not give unto his son, nor his daughter shalt thou take unto thy son. But thus shall ye deal with them; ye shall destroy their altars, and break down their images, and cut down their groves, and burn their graven images with fire... thine eye shall have no pity upon them. But the Lord thy God shall deliver them unto thee and shall destroy them with a mighty destruction, until they be destroyed.

Parenthetically, this passage reminds us that, as Polydorus is reputed to have said, "If you worship your enemy, you are defeated. If you adopt your enemy's religion, you are enslaved. If you breed with your enemy, you are destroyed."

We will let our supporters know the final ruling of the Court of Appeals as soon as we learn of it. Regardless of the outcome, we will continue our Alliance-building.

First Edition *Turner Diaries*

The autographed 1978 first edition of *The Turner Diaries* that was offered to supporters and members in the June **BULLETIN** was purchased for \$600. This money is the equivalent of 30 members donating the minimum pledge of \$20 per month — a big boost for July. Thanks to all who offered to buy the book and congratulations to the successful purchaser.

Might is Right

The classic book *Might is Right* by Ragnar Redbeard, which was offered to members and supporters in the May **BULLETIN** for \$30, was not the same edition that our initial inventory had indicated; instead it was a smaller, less expensive edition. Of course, this thought-provoking work is just as much worth reading, no matter what the edition might be.

It is offered again here at a special bargain price of \$10 postpaid to make amends for that error. That price can be extended only as long as our stock of it remains. There is a limit two per buyer. For those of you who purchased *Might is Right* for \$30, let us know and we'll either credit you \$20 or give you a special price on some other titles still in National Vanguard Books stock.

The ideas in *Might is Right* stand in sharp contrast to those which prevail in the West today. Here's a relevant quote from the book: "I say unto you: Love thy kindred, love thy friends, love thyself, and hate thine enemies with your whole heart... If a man smites you on one cheek, smash him on the other."

Correspondence

Dear Chairman Williams: Great to see the National Alliance back in operation! Please put me down as a supporter starting now. July to Decem-

ber dues enclosed. Hang in there. — MG, Idaho

Chairman Williams: Whatever was going on with the Alliance for the last 12 years is beyond me. I've heard several sides. I'm glad it's over. As far as the NARRG crowd goes — [expletives deleted]. As far as traitors go — [expletives deleted] too. It's time to move forward for the White race, its cultures, its history, its future. I'll do what I can as a worker for my race! Back dues included for January through July. — SR, Virginia

Chairman Williams responds: Thanks, for rejoining, SR. Your attitude toward the disgruntled former members is typical among our membership. They've had a bellyful of the NARRG's \$2 million harassment lawsuit and their efforts to destroy our Alliance. Unfortunately, the legal fight with NARRG is not over yet. There was a hearing scheduled for the end of June, postponed until 25 August now. Rumor has it that the Gloucester County, Virginia Circuit Court has had enough of this now irrelevant case, too, and wants the former members, who have no standing to begin with, to quit wasting the court's time.

Dear National Alliance: I am a German, 45 years old, who lives in Poland. By the way, I enjoy the White racial homogeneity that still exists here in Poland. The reason for contacting you is to learn more about practical ideas that work in terms of settlements. I speak Polish and want to bring German and Polish nationalists together. The National Alliance should be known here. Maybe we should found a European branch of the National Alliance here in Europe... — LJ, Poland

Dear Chairman Williams: The reprinting of "Moral Considerations" [in the June **BULLETIN**] was very good. All of my children were raised with those values. Too bad that some of the women my sons married don't have a clue; it saddens me to see how they have to act just to get along with clueless spouses! Fortunately we have influence over the grandchildren who have no problem seeing what's happening [to our people]. Thank

you. — WS, Virginia

Dear Chairman Williams: My finances say I can rejoin next month. Certain bills be damned! Being back in the National Alliance is more important. — DD, Alabama

Greetings and very best wishes to you all. I am a 49-year-old Scotsman (from the county of Angus) now living in a rural village in the northeast of England. I am a former Philosophy undergraduate and the big questions of spirituality and politics — and the quest to find a harmony of the two led me to National Socialism and on to discover the National Alliance. I am incredibly inspired by the Alliance Web site — the political worldview and Cosmotheism as its root foundation. On contacting the Alliance, I was relieved that I could join and be a part of this from Britain! Hoping to be a regular contributor to this forum and a fellow cadre in the great work. — Alex, England, via *White Biocentrism*

Believe me, it won't take long until we hunt you down in Tennessee forests with our military and perpetrate a massacre on every single one of you and destroy your bases. — "Elias Goldberg," probably a pseudonym, via the Internet

New Community Members

Our Spirit Does Not Give Up

There is progress to report to our members and supporters this month: our continued growth in membership and media outreach; our expanding staff in West Virginia; several thousand dollars' worth of needed renovation to the gate house being done in time for our Chief of Staff to comfortably take up residence there; and, thanks to the generosity of certain members, the acquisition of a "new" (to us) 4x4 Dodge pickup truck to be used by Alliance staff. By the time this **BULLETIN** is mailed we will have had another meeting on The Land. Some 14 members and guests will work together on infrastructure projects and take care of important corporate business.

Our National Alliance Board of Directors will meet then, taking up the naming of Michael Olanich as a director, bringing the total number to four. We will also renew the Alliance bylaws, among other items on the agenda. Three new members will be added to the board of National Vanguard Books, bringing our total on that board to five. There is much for the NVB Board to consider as our publishing arm "re-tools" for the future.

One of the more auspicious acts my predecessor performed as Chairman was to name Jayne "Jan" Cartwright to the boards of both the National Alliance and National Vanguard Books.

After I became Chairman, Jan graciously offered to resign from her positions on each of our boards. I declined her offer and asked if she would please stay on, help with the transition, and work with me to preserve and advance Dr. Pierce's legacy. She accepted and currently serves as Secretary of both boards. Unlike her co-defendants in the NARRG lawsuit, Gliebe and Maziarka, Jan did not resign from the Alliance.

Thank goodness for the appointment of Jan. She will not "settle" with NARRG's attorney like former members Gliebe and Maziarka likely would. She will not go along with the NARRG plan to have the court name a custodian to run the Alliance, name new boards, and force me out in a deceitful out-of-court, flanking maneuver. Jan prefers to fight on for our organization and ideals. She has shown true courage by holding out and queering NARRG's intended secret settlement among plaintiffs and defendants. I wasn't even supposed to know about this tricky back room "deal," but I know now — as does our attorney. NARRG will now have to present its preposterous case before a judge and convince *him* that they are entitled to take over the National Alliance. Jan has seen to that.

Jan Cartwright joined the Alliance back in 1976, on her 18th birthday, and so gives our Alliance continuity back to its earliest days. Her husband-to-be at the time, Ron, had joined in 1975. Jan and Ron had four children together and home-schooled all of them, immersing them in the teachings of Dr. Pierce. Jan gave up a nursing career, devoting herself to raising her family. Jan is a widow, having lost Ron about three years ago. But she is a grandmother now, "living White" and teaching by example to a whole new generation of Cartwrights.

Jan's speech at a National Alliance leadership conference years ago, giving the audience her insights on raising White children, can be heard here: <http://natall.com/jan>

My favorite part of her story is around the seven minute mark when she describes teaching her children about their heroic kinsmen: "Our spirit did not give up. Our men did not give in." **W. W. W.**
